## ENVIRONMENTAL JUSTICE WORKSHOP

for the 2016-2040 Regional Transportation Plan/  
Sustainable Communities Strategy (RTP/SCS)

Minority and low-income populations may incur disproportionate environmental impacts in their communities, from various types of development and transportation sources. As part of the long-range plan – the 2016-2040 RTP/SCS – SCAG will analyze a variety of data to show how and to what degree our communities are being impacted, as well as provide a toolbox for mitigation as needed.

We need your input. Please join us for the upcoming Environmental Justice Workshop in your area. This is your opportunity to interact with planners and government officials to share your ideas, views and concerns about environmental justice issues in your community, such as:

- Traffic & Congestion
- Transportation Network
- Mobility
- Bicycling
- Walking
- Housing
- Land Use
- Air Quality
- Job Creation
- Public Health
- Airports
- Public Infrastructure
- Education
- Livable Communities
- Poverty
- Economy
- Goods Movement
- Gentrification
- Noise
